Dear Friend,

Ann Beals, author and publisher, founded The Bookmark in 1980 with the conviction that the time had come for deeper works on Christian Science to be made available to everyone. For nearly forty years her efforts to preserve and disseminate some of the finest thinking in Christian Science has inspired thousands and kept these works from being lost, perhaps forever.

On Monday, June 25, 2018, Ann passed away.

Her absolute conviction as to the importance of her mission has inspired those of us helping her, to follow in her footsteps. And it is our sincere desire to preserve The Bookmark as her legacy by continuing to offer the finest in early and contemporary works on Christian Science.

Ann's vision and kindness has touched and helped so many over the years. We will miss her greatly.

**Her loving son,
Charles**
