**Broadview is one of the largest and most active
Christian Science nursing facilities in the world.**

Our mission is to support Christian Science healing through our Christian Science nursing ministry, and our staff includes Christian Science nurses listed in *The Christian Science Journal* and other experienced Christian Science nurses along with dedicated Christian Science support staff.

SERVICES

Our most utilized services are Christian Science Nursing Care, Christian Science Care, and Extended Care (also referred to as assisted living). We also offer temporary care, outpatient care (for immediate needs), and day care (four hour minimum).

ADMISSIONS

Those we serve must be radically relying on Christian Science for healing, receiving daily treatment from a *Journal*-listed Christian Science practitioner, and be free from the use of medication and medical equipment.

Unlock your potential

as a volunteer...

“Happiness consists in being and in doing good,” writes Mary Baker Eddy. Our volunteers certainly know the truth of that statement as they do so much good for our patients and our staff! As a volunteer for us, you can be an active part of our healing mission through leading a Bible study, visiting with your pet, reading aloud, and so much more. It is truly an opportunity to bless all!
