These men want to trick Jesus. They want him to say something bad so they can lock him up!

This woman has done something bad. She has broken one of the commandments. They want to stone her. The law says to do that when someone does this bad thing.

She has broken this commandment.

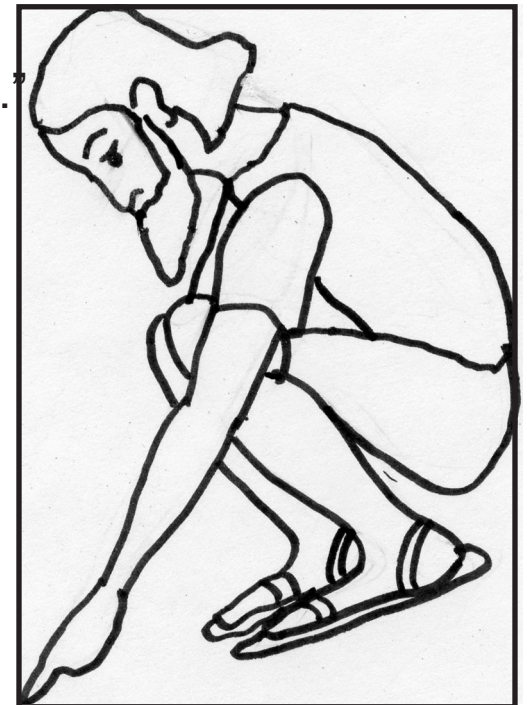

What will Jesus do?

if he says	then they will say
do not stone her	Jesus says we can break the law
go ahead and stone her	then why do you say sin can be healed?

They keep talking and talking so Jesus gets down and starts to draw in the dirt! When they stop Jesus does not say yes or no. He says that if anyone has NEVER done anything bad they can throw the first stone. Well, how do you think they liked that! One by one they left until only the woman and Jesus were still there.

Jesus told her that he was not going to throw a stone at her. Then he said to her, "Go, and sin no more." So, sin can be healed!

Once there was a man who was so sick that he could not even stand up. His friends made a way to carry him on a bed to see Jesus. When Jesus saw him was he sad for him? No, Jesus said “Be of good cheer: your sins are forgiven.”

There were some Jewish leaders there. They got mad. They said to themselves "He cannot say that! He cannot forgive sins." Only God can do that!"

Jesus knew what they were thinking. He told them that he could do that. Then he showed them that he could.
