

Come Experience Church With Us!

Bring this flyer to any of our church services for a free copy of *Science and Health*.

**The Christian Science
Outreach Group of Arizona**

24/7 Bible Lesson Phone Line 602-222-6220

We hope to see you at our next Sunday service or Wednesday evening meeting. You'll leave empowered with healing truths of practical prayer — found in the *Bible & Science and Health with Key to the Scriptures* by Mary Baker Eddy — ready to tackle the problems confronting you, your family & community.

- we meet in an informal, living room setting, where we discover & discuss ideas which nurture our spiritual growth
- we're all here as students — to learn more about our loving, all-powerful, Father-Mother God & our birthright to Divine good
- friendly, all-inclusive, non-judgemental atmosphere of learning, fellowship & encouragement at our services & meetings
- interactive, participatory Sunday church services follow the "Order of Services" outlined in the *Church Manual* * - which includes prayer, song, & the reading of the worldwide, Christian Science Weekly Lesson-Sermon
- after the service, our group often breaks into an optional discussion about the lesson - all are invited to participate
- Wednesdays, we hold an evening testimony meeting in the same atmosphere. Here, we share in a timely Lesson prepared for the occasion, along with song & prayer. Everyone is also invited to share experiences & healings resulting from the practical application of the spiritual truths learned in Christian Science

* *Manual of the Mother Church* by Mary Baker Eddy
