

CROSS SWORDS WITH TEMPTATION AND LIVE!

**Cross swords with temptation, let fly!
Repel Satan's every try!
Secure as God's son,
Fight on and fight on.
The tempter can ever just lie!**

**Thrust firm at temptation and kill
What pain and fake pleasure would will.
False fears soon give way
Attacked straight-away:
With God all your thoughts you must fill.**

**So rise with Truth's sword in your hand;
Wield spiritual strength pure and grand.
Oh prove God is All:
With victory call!
God's kingdom is here: so I stand!**
