

Bones

And, “Your thoughts are not my thoughts, says the Lord.” “God’s thoughts are spiritual realities.” (S&H) And “Mind makes perfect.” “HIS ways are higher than my ways.” “I love thy way of freedom Lord.” All attributes of Life, Truth, and Love are embodied in these: “Wisdom, purity, spiritual understanding, spiritual power, love, health, holiness.” (S&H)

The hair of Samson symbolizes the multitude of thoughts comprising the human sense of bones. “Bones are only what we think of them.” (S&H) My bones are what I think of them, not what the world projects on me. I possess my body and I hold it in perfection. You are in me and I am in you, because the I or ego is Mind, God. As Jesus said, “I am in the Father, you are in me and I am in you.”

The fact is, in Science, everything is mental and spiritual -- perfect thought passing from God to man. Therefore, loving my neighbor as myself, I love you as myself – since the identity you represent, “the multifarious forms of the living Principle, Love” (S&H) are in God, not in matter.

My bones are my thoughts of identity, and that conception is perfect and portrays scientifically, as stated, all the embodied attributes of God, Spirit, in infinite density of understanding, as beauty, harmony, and peace.

Thus, there is no dis-ease, deformity, breakage, or limitation of bones, but only the perfect thoughts I THINK of THEM.
